## **Radiation Safety Manual Veterinary X-ray Machines**

**EH&S RESEARCH & LABORATORY SAFETY**

## FOREWORD

This manual is a living document that is issued as a means of providing university employees, faculty and/or staff authorized to operate veterinary diagnostic X-ray machines owned by the university the means to ensure that they meet the requirements of the State of South Carolina Department of Health and Environmental Control (DHEC) as promulgated in Regulation 61-64, X-rays (Title B) Part IV – “Use of X-ray in the Health Professions.

Until complete revision of this manual; please contact the radiation safety office for current policies, procedures and training for each operating veterinary diagnostic X-ray machine owned by the university by emailing [radsafe@mailbox.sc.edu](mailto:radsafe@mailbox.sc.edu)
