# Curricular Practical Training (CPT)

UNIVERSITY OF  
South Carolina

# CPT is...

# CPT is NOT...

A work benefit of the F-1 student visa authorized by USC ISSS office.

An off-campus job opportunity **directly** related to your degree and an **integral** part of your studies.

A work visa for monetary gain and future employment opportunities.

Off-campus employment for fun, extra cash, or economic needs.

Remember, on campus work does not need authorization!

# Section 8, Code of Federal Regulations

## 8CFR214.2(f)(10)(i)

*“...an integral part of an established curriculum. [CPT] is defined to be alternative work/study, internship, cooperative education, or any other type of required internship or practicum that is offered by sponsoring employers through cooperative agreements with the school...Students who have received one year or more of full-time [CPT] are ineligible for post-completion academic training. A request for authorization for [CPT] must be made to the DSO. A student may begin [CPT] only after receiving...the DSO endorsement.”*

**USC POLICY**  
**ISSS POLICY**

**ALL OFF-CAMPUS JOBS,  
INCLUDING UNPAID  
“VOLUNTARY”  
INTERNSHIPS, REQUIRE  
CPT AUTHORIZATION!**

# In other words, CPT training must meet all of the following stipulations:

- Training relates directly to the student's major area of study.
- Training is an integral part of the school's established curriculum.
- Occurs before the student's program end date on the Form I-20.
- Authorization is for one specific employer and for a specific period of time.
- Student must secure the training opportunity before CPT can be authorized.
- CPT must be authorized before the student can begin work. Designated school official (DSO) authorizes CPT in SEVIS, and the authorization prints on the student's Form I-20.
- Student can have more than one CPT authorization at the same time.
- One year of full-time CPT eliminates a student's eligibility for OPT.

## **IMPORTANT CPT IMPLICATIONS:**

- **When applying for OPT, H1-B, or Legal Permanent Residence (aka green card), USCIS will look at your previous immigration history.**
- **If the CPT or any off-campus work was unauthorized, you will be denied.**
- **If the CPT appears unrelated to your degree or major, they may ask for more evidence.**
- **You may need to prove it was related to your degree, necessary for your studies, and/or how you obtained the opportunity.**

**BE PREPARED. DO NOT WORK WITHOUT AUTHORIZATION.  
ENSURE PROPER COMPLIANCE.**

# TYPES OF CPT

At USC, we only approve 4 types of CPT to help our school and students comply with regulations.

# Example scenarios:

Take a minute to read through these two scenarios. What do you think? Which student can use CPT? Which student cannot?

<b>Student A, an undergrad, wants to apply for CPT because he got an internship offer from Google. It relates to his degree, and he will work 20 hours a week.</b>	<b>Student B, who is working on her master's degree, was offered a job with a software company in Columbia.</b>
Does the student need CPT for work authorization?	Does the student need CPT for work authorization?
What does he need to consider before he can apply for CPT?	What does she need to consider before she can apply for CPT?
Will he qualify?	Can she use the CPT in her first semester?
Why might he be denied?	Why might she be denied?
If the internship is one year long, what does he need to make sure to do after the semester ends?	Are there other options this student could utilize?

# Frequently asked questions:

- Can I apply for CPT in the middle of the semester?
  - Yes, as long as you are already registered in the course needed (ex: internship class or dissertation prep hours). However, NO for CIP. That is due by add/drop date.
- I have a full-time job offer; can I use CPT for this?
  - No. CPT should be for internships and experiential learning opportunities. The Career Center will also deny this. Meet with an advisor.
- Can my internship be online (remote) work? Do I need to authorize remote work?
  - Yes, you can work remotely if it's a clear internship. The Career Center might have different expectations for CIP. Even if you live on-campus, remote work is considered off-campus and needs authorization.
- Can I have two CPT jobs?
  - Yes, but you need to submit separate applications for both, and remain within full or part time requirements.

# Frequently asked questions:

- Do I need CPT for an unpaid internship?
  - Yes, even if it is considered a volunteer position. You need CPT authorization.
- What happens if I work without authorization?
  - The ISSS office must terminate your SEVIS record. Working without authorization could have major impacts on future visa applications. All jobs, paid or unpaid, must have you “on record” in some way. If they don’t, that’s not a good look.
- Can I use a job offer CIP?
  - No. Please keep in mind that CIP is operated and authorized by the Career Center. We do not have any say in what they approve or do not approve. Long-term jobs, like a TA position, are not allowed for CIP. CIP is for short term, experiential internships.
- Can I work full-time CPT in the summer?
  - Yes. Be sure to get proper authorization! Complete the appropriate CPT form found in the ISSS Forms Library.

# Frequently asked questions:

- Is there a limit on CPT?
  - Generally, you should only work 20 hours in the school year and 40 in the summer. However, there is not technical limit (so if you work 41 one week, it's okay). 12 months of full-time eliminates OPT!
- Can I work on-campus and do CPT at the same time?
  - Yes. You can work 20 hours on and 20 hours off.
- Can I drop the course on which my CPT is based?
  - No. You need to stay enrolled in the class. You will have to quit the job if you do so.
- Can I delay graduation to participate in CPT?
  - No. You should make normal progress towards your degree.
- Can you help me find an internship?
  - No. Contact the Career Center: [career@sc.edu](mailto:career@sc.edu)
- What if the job doesn't relate to my degree?
  - You cannot work it. Find something else. Only on-campus jobs are allowed to be unrelated to your studies.
