

## Student Annual Progress and Review Doctoral Program in School Psychology Second Year

Second Teal							
Student's Na	ame:						
Academic Y	ear:						
Part I. Fall/Spring Planning for Next Academic Year (Completed by student in consultation with mentor(s))							
Program Goals for Second Year:			Professional goals for this academic year:				
Fall • Solid	ify master's thesis topic						
• Finali	ize master's committee						
	e literature review and methods ons for master's thesis						
• Get II	RB approval (if applicable)						
Spring • Collection	ct and enter data for thesis						
• Write thesis	results and discussion sections of						
	s should near completion (finished mmer)						
•	and complete master's orals hed by summer)						
	nit doctoral program of studies hed by summer)						

Identify potential APPIC sites as

applicable

## Part II. Spring Review of Past Academic Year (Completed by mentor(s))

Date of Review:					
Completion of program goals:					7
Completion of professional goals:					
Other major accomplishments:					_
Academic Competencies:	Exceeds	Appropriate	Needs	Unsatisfactory <sup>3</sup>	
Knowledge of identify, function and ethics	Expectation	Level	Improvement		Opportunit
Assessment Skills					
Direct Intervention Skills					
Indirect Intervention Skills					
Research Skills					
Psychological Science Foundations					
<u>Professional Behavior</u>					
Timeliness of logs, files up to date etc.					
Professional Behavior					
Commitment to Professional Development					
*Requires remedial plan					
Comments:					

Part I: Completed in Summer or Fall (by October 1st) Part II: Completed in Spring (by April  $30^{th}$ )

Committee's Recommendation for Student's Status:    Student in Good Standing. The student is encouraged to continue in the program for another year, and general professional recommendations or suggestions for improvement may be offered.    Competency Concerns- Remediation Requested with Suggested Plan. The student is encouraged to continue in the program for a specified period of time, but is apprized, in writing, of problems perceived by the faculty and advised concerning their remediation.    Competency Concerns- Remediation Required with Prescribed Plan. The student is permitted to continue in the program pursuant to his or her successfully completing a specified and written program of remediation prescribed by the faculty.    Major Professor	Goal	s and competencies to work on	over the next year:
