

# Curriculum Vitae

## LEILA LARSON

Address: Arnold School of Public Health, University of South Carolina, 915 Greene Street, Rm 546, Columbia, SC 29208  
Phone: +1-803-576-5649  
Email: larsonl@mailbox.sc.edu

### EDUCATION

---

2013 – 2017 **Ph.D. Nutrition and Health Sciences**  
Emory University, Atlanta, USA  
Dissertation: The consequences of malnutrition and effects of multiple micronutrient powders on young child development in India  
Supervisor: Dr. Reynaldo Martorell

2011-2013 **M.P.H. Environmental Health Sciences (Global Track)**  
Columbia University, New York, USA  
Thesis: Management and Treatment of Childhood Diarrhea in Ethiopia: Factors Associated with Caregivers' Health Care Behaviours  
Supervisor: Dr. Joseph Graziano

2005-2010 **B.A.Sc. Geological Engineering (Environmental focus) (with Honours)**  
University of British Columbia, Vancouver, Canada  
Thesis: An Assessment of the Greywater and Composting Toilet Tea Leach Field Geochemistry at the C.K. Choi Building, University of British Columbia Vancouver Campus  
Supervisor: Dr. Roger Beckie

### EMPLOYMENT

---

Aug 2020 – current Assistant Professor, Department of Health Promotion, Education, and Behavior, Arnold School of Public Health  
University of South Carolina, United States

Jan 2018 – July 2020 Research Fellow, International and Immigrant Health Group in the Department of Medicine – Royal Melbourne Hospital, Melbourne Medical School in the Faculty of Medicine, Dentistry and Health Science  
University of Melbourne, Australia

Dec 2017 – Jan 2018 Consultant, Double Fortified Salt Study, India  
Global Alliance for Improved Nutrition, Canada

Dec 2015 – Mar 2017 Monitoring and Evaluation Associate, Double Fortified Salt Study, India  
Global Alliance for Improved Nutrition, India

Jul 2015 – Nov 2015 Monitoring and Evaluation Associate, Home Fortification Program Phase 2, Bangladesh  
Global Alliance for Improved Nutrition, Canada

Aug 2014 – Dec 2014 Teaching Assistant, Global Elimination of Micronutrient Malnutrition Course, Rollins School of Public Health  
Emory University, USA

May 2012 – Dec 2012 Intern, Zinc and low osmolarity-Oral Rehydration Salt for the treatment of childhood

	diarrhea, Addis Ababa, Ethiopia Micronutrient Initiative (now Nutrition International)
Jan 2012 – Apr 2012	Teaching Assistant, Environmental Health Sciences Core Class, Mailman School of Public Health Columbia University, USA
Apr 2010 – Apr 2011	Junior Mine Water Specialist, Mine Water Management Group Golder Associates, Canada
Apr 2008 – Sep 2008	Summer Employee, Mine Rock Group Golder Associates, Canada
May 2007 – Dec 2007	Intern, Northern and Central Regions Water Supply and Sanitation Sector Project Lao Consulting Group, Laos

## PEER REVIEWED PUBLICATIONS (numbered in reverse chronological order)

† Indicates that the first author is a student for whom I am the primary mentor or primary co-mentor.

---

35. Prado EL, **Larson LM**, Arnold CD, Wessells KR, Shankar AH, et al. Hemoglobin concentration thresholds that discriminate functional outcomes among children age 6-30 months in 8 countries: An individual participant data meta-analysis. *Lancet Global Health*. [Submitted, under review]
34. Pasricha SR, Mwangi M, Moya E, Ataide R, Mzembe G, Harding R, Zinenani T, **Larson LM**, Nkhono W, Chinkhumba J, Simpson J, Clucas D, Stones W, Braat S, Phiri K. Ferric Carboxymaltose for anemia in the second trimester of pregnancy in Malawian women. *The Lancet*. [Submitted, under review]
33. Moya E, Mzembe G, Mwambinga M, Truwah Z, Harding R, Ataide R, **Larson LM**, Fisher J, Braat S, Pasricha SR, Mwangi MN, Phiri KS. Prevalence of early postpartum depression and associated risk factors among selected women in southern Malawi: a nested observational study. *BMC Pregnancy and Childbirth*. [Submitted, under review]
32. Mwangi MN, Mzembe G, Ngwira CC, Kapulula MD, Vokhiwa M, Braat S, Harding R, **Larson LM**, Ataíde R, Phiri KS, Pasricha SR. Protocol for a randomised, multicentre, four-arm, double-blinded, placebo-controlled trial to assess the benefits and safety of Iron supplementation with Malaria chemoprevention to children in Malawi - IRMA trial. *BMJ Open*. [Submitted, under review]
31. †Isanovic S., Sanoe, M., Wooten S., Frongillo E.A., Yousafzai A.K., Blake C.E., Kanyangarara M., Swan M., Rodger N., Murray M., **Larson L.M.** Integrated child nutrition, parenting, and health intervention in rural Liberia: A mixed methods feasibility study. *Journal of Child and Family Studies*. [Submitted, under review]
30. **Larson LM**, Thomas T, Kurpad A, Hoddinott J, Martorell R, Adebisi V, Swaminathan S, Neufeld LM. Etiology of anemia in women and children in Uttar Pradesh, India. *Public Health Nutrition*. [Submitted, under review]
29. **Larson LM**, Feuerriegel D, Hasan MI, Braat S, Jin J, Tipu SMMU, Shiraji S, Tofail F, Biggs BA, Hamadani J, Johnson K, Pasricha SR, Bode S. Effects of supplementation with iron syrup or multiple micronutrient powders on resting brain activity in Bangladeshi children. *Journal of Nutrition*. 2022. In press.  
<https://doi.org/10.1016/j.tjn.2022.12.026>
28. **Larson LM**, Feuerriegel D, Hasan MI, Braat S, Jin J, Tipu SMMU, Shiraji S, Tofail F, Biggs BA, Hamadani J, Johnson K, Bode S, Pasricha SR. Effects of iron supplementation on neural indices of habituation in Bangladeshi children. *American Journal of Clinical Nutrition*. 2022. In press. <https://doi.org/10.1016/j.ajcnut.2022.11.023>

27. **Larson LM**, Frongillo EA, Kase BE, Neufeld LM, Gonzalez W, Erhabor I, Djimeu EW. Effectiveness of the Eggs Make Kids demand-creation campaign at improving household availability of eggs and egg consumption by young children in Nigeria: a quasi-experimental study. *Maternal and Child Nutrition*. 2022. Vol 9, Issue 1. e13447. <https://doi.org/10.1111/mcn.13447>
26. Moya E, **Larson LM**, Stewart RC, Fisher J, Mwangi MN, Phiri KS. Reliability and validity of depression anxiety stress scale (DASS)-21 in screening for common mental disorders among postpartum women in Malawi. *BMC Psychiatry*. 2022 May 24;22(1):352. doi: 10.1186/s12888-022-03994-0. PMID: 35606733; PMCID: PMC9128196.
25. Mwangi MN, Mzembe G, Moya E, Braat S, Harding R, Robberstad B, Simpson J, Stones W, Rogerson S, Biselele K, Chinkhumba J, **Larson LM**, Ataíde R, Phiri KS, Pasricha SR. Protocol for a multicentre, parallel-group, open-label randomised controlled trial comparing ferric carboxymaltose with the standard of care in anaemic Malawian pregnant women: the REVAMP trial. *BMJ Open*. 2021 Nov 23;11(11):e053288. doi: 10.1136/bmjopen-2021-053288. BOOK CHAPTER (numbered in reverse chronological order)

1. **Larson LM**, Frongillo EA, Leroy J. Growth monitoring and promotion. In: Caballero B (ed). *Encyclopedia of Human Nutrition (Fourth Edition)*. Academic Press, 2021.

---

CONFERENCE AND TECHNICAL MEETING PRESENTATIONS (numbered in reverse chronological order)

30. **Larson LM**. Rethinking growth monitoring and promotion as an opportunity to improve early childhood development (Invited Symposium Speaker). *International Congress of Nutrition*. Tokyo, Japan. December 6-11 2022.
29. **Larson LM**. Enabling children to thrive through nutrition and responsive parenting (Oral). *USC Nutrition Symposium*. Columbia, SC. March 31 2022.
28. **Larson LM**. Pre-analytic and analytic factors affecting the measurement of hemoglobin concentration: impact on global estimates of anemia prevalence (Oral). *WHO technical meeting on the role of infections, inflammation and genetic ancestry as determinants for adjusting haemoglobin cutoffs to define anaemia, and other considerations on blood sampling and analytical methods*. December 1-3 2021.
27. **Larson LM**, Feuerriegel D, Hasan MI, Braat S, Jin J, Tipu SMMU, Shiraji S, Tofail F, Biggs BA, Hamadani J, Johnson K, Bode S, Pasricha SR. Effects of supplementation with iron syrup or iron-containing multiple micronutrient powders on neural indices of cognitive functioning in Bangladeshi children (oral). *Nutrition*. Virtual due to COVID-19 pandemic. June 2021.
26. **Larson LM**. Effects of increased hemoglobin on child growth, development, and disease (oral). *WHO technical meeting on considerations to determine haemoglobin concentrations to define anaemia in the lifecycle*. April 27-29 2021.
25. **Larson LM**, Thomas T, Kurpad A, Hoddinott J, Martorell R, Swaminathan S, Neufeld LM. Etiology of anemia among children 6-59 months and non-pregnant women of reproductive age in India (invited symposium speaker). *Micronutrient Forum*. Virtual due to COVID-19 pandemic. November 2020.

24. Prado EL, **Larson LM**. Ten Steps to Success for Measuring Early Childhood Development in Global Nutrition Research (Learning Center). *Micronutrient Forum*. Virtual due to COVID-19 pandemic. November 2020.
23. **Larson LM**, Hasan MI, Shiraji S, Tofail F, Braat S, Biggs BA, Hamadani J, Pasricha SR. Biopsychosocial correlates of early child development in Bangladesh: evidence from the Benefits and Risks of Iron Supplementation in Children (BRISC) trial (poster). *Micronutrient Forum*. Virtual due to COVID-19 pandemic. November 2020.
22. **Larson LM**, Hasan MI, Braat S, Baldi AJ, Bhuiyan MSA, Biggs BA, Hamadani J, Pasricha SR. Agreement between venous and capillary haemoglobin concentrations in Bangladeshi children (poster). *Nutrition*. Baltimore. June 2019.
21. **Larson LM**, Hasan MI, Feuerriegel D, Shiraji S, Shabnab S, Tofail F, Braat S, Biggs BA, Pasricha SR, Hamadani J, Bode S, Johnson K. Using a developmental test and electroencephalography to examine child cognition and its predictors in Bangladesh (poster). *Nutrition*. Baltimore. June 2019.
20. **Larson LM**, Cyriac S, Dijmeu EW, Mbuya MNN, Neufeld LM. Can double fortification of salt with iron and iodine reduce anaemia, iron deficiency anaemia, iron deficiency, and iodine deficiency? Evidence of efficacy, effectiveness, and safety. Iodine Global Network: Double Fortified Salt Global Consultation. Seattle, USA. 4-5 April, 2019.
19. **Larson LM**, Kubes JN, Cox K, Shankar A, Prado EL. Meta-analysis of the effects of various types of early life interventions on linear growth vs. neurodevelopment (Oral). Symposium title: Pathways to Child Growth and Development: Is Linear Growth Retardation a Valid Indicator of Delayed Neurodevelopment? *Nutrition*. Boston. June 2018.
18. **Larson LM**, Kubes JN, Ramirez-Luzuriaga MJ, Khishen S, Shankar A, Prado EL. Associations and effects of increased hemoglobin in infants and preschool children on growth and development: a systematic review and meta-analysis (Oral). *Nutrition*. Boston. June 2018.
17. **Larson LM**, Thomas T, Kurpad A, Hoddinott J, Martorell R, Swaminathan S, Neufeld LM. Anemia in women and children in Uttar Pradesh: a path analysis of the associations between nutritional, environmental, infectious, and genetic determinants (Poster). *Nutrition*. Boston. June 2018.
16. **Larson LM**, Kubes JN, Ramirez-Luzuriaga MJ, Khishen S, Shankar A, Prado EL. Associations and effects of increased hemoglobin in infants and preschool children on growth, development and chronic disease: a systematic review and meta-analysis. WHO Technical Meeting: Use and interpretation of hemoglobin concentrations for assessing anemia status in individuals and populations. Geneva, Switzerland. 29 November-1 December 2017.
15. **Larson LM**, Martorell R, Bauer PJ. Relation between diet, nutritional status, and stimulation and child development: a path analysis in infants and young children living in Bihar, India (Oral). *International Congress of Nutrition*. Buenos Aires, Argentina, October 2017.
14. **Larson LM**, Thomas T, Kurpad A, Hoddinott J, Martorell R, Swaminathan S, Neufeld LM. Anemia in women and children in Uttar Pradesh, India: the contribution of nutritional, environmental, infectious, genetic, and underlying social determinants (Oral). *International Congress of Nutrition*. Buenos Aires, Argentina, October 2017.
13. Swaminathan S, Thomas T, Neufeld LM, **Larson LM**, Kurpad A. Dietary intake of preschool children in Uttar Pradesh, India (Oral). *International Congress of Nutrition*. Buenos Aires, Argentina, October 2017.

12. **Larson LM**, Young M, Bauer PJ, Mehta R, Webb Girard A, Ramakrishnan U, Verma P, Chaudhuri I, Srikantiah S, Martorell R. Home fortification with multiple micronutrient powders improves infant and young child development in Bihar, India (Oral). *Experimental Biology*. Chicago, IL, April 2017.
11. **Larson LM**, Young M, Bauer PJ, Mehta R, Webb Girard A, Ramakrishnan U, Verma P, Chaudhuri I, Srikantiah S, Martorell R. Home fortification with multiple micronutrient powders improves infant and young child development in Bihar, India (Poster – Winner of the Emerging Leaders Competition). *Experimental Biology*. Chicago, IL, April 2017.
10. Young M, Mehta R, Gosdin L, Kekre P, Verma P, **Larson LM**, Webb Girard A, Ramakrishnan U, Chaudhuri I, Srikantiah S, Martorell R. Impact of home fortification of complementary foods program on child anemia and stunting in Bihar, India. (Oral). *Experimental Biology*. Chicago, IL, April 2017.
9. **Larson LM**, Namaste SML, Williams AM, Engle-Stone R, Addo OY, Suchdev PS, Wirth JP, Temple V, Serdula M, Northrop-Clewes CA. Adjusting retinol binding protein concentrations for inflammation: the BRINDA project (Oral). *Micronutrient Forum*. Cancun, Mexico, October 2016.
8. Northrop-Clewes CA, **Larson LM**, Namaste SML, Williams A, Engle-Stone R, Addo OY, Suchdev PS, Wirth JP, Temple V, Serdula M. Comparison of algorithms for adjusting serum retinol concentrations in the presence of an acute phase response in four countries (Poster). *Micronutrient Forum*. Cancun, Mexico, October 2016.
7. **Larson LM**, Mehta R, Young M, Kekre P, Verma P, Webb Girard A, Ramakrishnan U, Chaudhuri I, Srikantiah S, Martorell R. Determinants of developmental milestones in infants and young children in Bihar, India (Oral). *Experimental Biology*. San Diego, CA, April 2016
6. **Larson LM**, Mehta R, Young M, Kekre P, Verma P, Webb Girard A, Ramakrishnan U, Chaudhuri I, Srikantiah S, Martorell R. Determinants of developmental milestones in infants and young children in Bihar, India (Poster – Emerging Leaders Competition). *Experimental Biology*. San Diego, CA, April 2016
5. **Larson LM**, Suchdev PS, Namaste S, Addo OY & Sullivan K. Approaches to Account for the Influence of Inflammation on Nutrient Biomarkers in Preschool-Age Children (Poster). *Pediatric Research Conference*. Atlanta, GA, June 2015
4. **Larson LM**, Addo OY, Sandalinas F, Baawo K, Faigao K, Kupka R, Flores-Ayala R & Suchdev PS. Accounting for the Influence of Inflammation on Retinol Binding Protein in a Population Survey of Liberian Preschool-Aged Children (Oral). *Experimental Biology*. Boston, MA, March 2015
3. **Larson LM** & Yousafzai AK. A Meta-Analysis Shows Small Effects from Nutrition Interventions on Mental Development of Children Under-Two in Low- and Middle-Income Countries (Poster). *The Tenth Annual DSAC Student Research Symposium*. Atlanta, USA, January 2015
2. **Larson LM** & Yousafzai AK. Meta-Analyses of Nutrition and Stimulation Interventions: Effects on Child Development (Oral). *Micronutrient Forum*. Addis Ababa, Ethiopia, June 2014
1. **Larson LM** & Yousafzai AK. The Impact of Nutrition Interventions on Mental Development of Children Under-Two: A Meta-Analysis of Randomized Controlled Trials in Low- and Middle-Income Countries (Poster). *Micronutrient Forum*. Addis Ababa, Ethiopia, June 2014

#### SEMINAR AND TEACHING PRESENTATIONS (numbered in reverse chronological order)

28. **Larson LM**. Guest lecturer. An ethical perspective on global health work. *Socio-cultural Perspectives on Population Health* (HPEB 771). University of South Carolina. 11/07/2022

27. **Larson LM.** Guest lecturer. An ethical perspective on global health work. *Global Health Epidemiology* (EPID 542). University of South Carolina. 11/01/2022
26. **Larson LM.** Seminar speaker. An ethical perspective on global health work. APHIDS student organization. University of South Carolina. 10/19/2022
25. **Larson LM.** Guest lecturer. Nutrition and Health. *Infectious Disease Epidemiology* (EPID 349). University of South Carolina. 09/28/2022
24. **Larson LM.** Seminar speaker. Enabling Children to Thrive through nutrition and early learning opportunities: evidence from global health trials. Grand Rounds, Pediatrics Greenville. 08/19/2022
23. **Larson LM.** Seminar speaker. Effects of iron supplementation on neural indices of habituation in Bangladeshi children. Walter and Eliza Hall Institute, Australia. 07/27/2022
22. **Larson LM.** Guest speaker. *HPEB 704B: Doctoral seminar - Partnerships*. University of South Carolina. 04/11/2022
21. **Larson LM.** Invited panel speaker. HPEB Panel: The Academic Job Hunt. University of South Carolina. 04/07/2022
20. **Larson LM.** Seminar speaker. Effects of iron supplementation on brain function in Bangladeshi children. Institute for Global Nutrition, University of California Davis. 03/09/2022
19. **Larson LM.** Guest lecturer. Lessons learned from implementing global health research. *Global Health Epidemiology*. University of South Carolina. 10/28/2021
18. **Larson LM.** Guest speaker. *HPEB doctoral seminar*. University of South Carolina. 3/1/2021
17. **Larson LM.** Nutritional Trials in Global Health. *Nutritional Epidemiology* (EPID 763), University of South Carolina. 11/02/2020.
16. **Larson LM.** Malnutrition and neurodevelopment in global health. *Melbourne Children's Global Health – Doherty Institute Global Health Seminar Series*. October 2019.
15. **Larson LM.** Stunting and child development: how do we make an impact? *Walter and Eliza Hall Institute*. October 2019.
14. **Larson LM.** Event-related brain potentials: a neurophysiological technique. *Walter and Eliza Hall Institute*. August 2019.
13. **Larson LM.** Effects of nutrition on child development in low- and middle-income countries. *Burnet Institute*. September 2018.
12. **Larson LM.** Nutrition and child development: evidence and experience from global health trials. *Monash University*. July 2018.
11. **Larson LM.** The consequences of malnutrition and effects of multiple micronutrient powders on young child development in India. *McGill University, Nutrition Colloquium*. November 2017.
10. **Larson LM.** Nutrition and Child Development. *Emory University, Maternal and Child Nutrition course*. April 2017.

Role: PI

USC Research Center for Transforming Health                      Haldeman (PI)                      01/01/23-12/31/23  
 Sonographic findings and predictor of disease severity in malnourished children in Zambia: The STAMP  
 ultrasound study

The goal of the study is to investigate the validity of using a point of care ultrasound to identify children with moderate and severe acute malnutrition in Zambia.

Role: Co-I

Completed Research Support:

University of South Carolina ASPIRE I                      Larson (PI)                      01/07/21-30/06/22  
 Integrated psychosocial, nutritional, and health intervention to improve early child development in Liberia  
 (US\$14,934)

The goal of this study is to assess the feasibility and acceptability of an integrated parenting, nutrition, and health intervention in rural Liberia.

Role: PI

Thrasher Foundation Early Career Grant                      Larson (PI)                      01/05/19-30/04/22  
 The influence of hepcidin on benefits and risks of iron supplementation in Bangladeshi children (US\$25,000)

The goal of this study is to examine the role of hepcidin concentration on children's response to iron and micronutrient supplementation in Bangladesh.

Role: PI

Bill and Melinda Gates Foundation                      Pasricha (PI)                      01/10/18-30/04/22  
 Randomised controlled trial of the effect of intraVenous iron on Anaemia in Malawian Pregnant women - REVAMP:  
 Supplemental grant for substudies (US\$1.2m)

The goal of this study is to examine the effects of prenatal iron on maternal and child health outcomes.

Role: Co-I

Global Alliance for Improved Nutrition                      Frongillo (PI)                      10/20/20 - 10/08/21  
 Impact Evaluation of GAIN Egg Campaign in two Nigerian States (US\$36,226)

The goal of the study is to examine the impact of a demand creation campaign on child egg consumption.

Role: Co-I

Iodine Global Network                      Larson (PI)                      01/09/18-31/12/19  
 Evidence of efficacy, effectiveness, and safety of double fortified salt (DFS) in improving reducing anemia, iron  
 deficiency anemia, iron deficiency, and iodine deficiency (US\$5,000)

The goal of this review is to systematically and objectively examine the evidence from efficacy and effectiveness trials of Double Fortified Salt.

Role: PI

University of Melbourne Early Career Grant                      Larson (PI)                      01/01/19-31/12/19  
 Effects of iron interventions on child neurodevelopment in Bangladesh (AU\$49,500)

The goal of this study is to examine the effects of iron supplementation on neural indices of memory and attention in Bangladeshi children.

Role: PI

World Health Organization                      Larson (PI)                      01/03/17-12/31/18  
 Associations and effects of increased hemoglobin in preschool children on growth, development and chronic  
 disease: a systematic review and meta-analysis (US\$3,000)

The goal is to conduct a systematic review and meta-analysis to produce quantitative estimates of the associations of child hemoglobin concentration with three main outcomes: 1) longitudinal and ponderal growth, 2) cognitive, psychomotor, and behavioral development, and 3) long-term chronic disease.

Role: PI

World Health Organization      Neufeld (PI)      01/03/17-12/31/18

Anemia diagnosis in venous and capillary blood: biological basis and policy implications (US\$3,000)

The goal is to review the evidence and use our own data from India to examine possible reasons for differences in hemoglobin concentrations using venous and capillary blood samples.

Role: co-I

Thrasher Research Fund      13105 Martorell (PI)      01/11/15-31/10/17

Assessing the impact of home fortification of complementary foods on child cognitive development: a cluster randomized community pilot (US\$120,000)

The goal of this study is to examine the effectiveness of home fortification with multiple micronutrient powders on memory and executive function of children 12-18 months of age living in Bihar, India.

Role: co-I (Principal writer)

## TEACHING

---

Fall 2021, 2022      Evaluation of Health Promotion Programs – HPEB 710

Spring 2021, 2022      Responding to Global Health Challenges – HPEB 772

Fall 2022      Independent Study: R programming – HPEB 790

Spring 2021      Principles of Global Health – HPEB 470

## PROFESSIONAL MEMBERSHIP AND OTHER EXPERIENCE

---

### Memberships:

2014 – Current      American Society of Nutrition, ASN  
 2014 - 2020      New York Academy of Sciences, NYAS  
 2014 - 2015      Society for Research in Child Development, SRCD  
 2005 – 2010      Golden Key Society  
 2005 – 2010      Engineering Without Borders, EWB Canada

### Supervisorship:

2022-Current      Honors student senior thesis advisor  
 2022-Current      Undergraduate student research experience advisor  
 2022-Current      PhD student dissertation committee member, UofSC (2 students)  
 2021-Current      PhD Student Primary Advisor, University of South Carolina (2 students)  
 2022      MPH Student Practicum Supervisor, University of South Carolina  
 2021      Mentor at Saving Brains Data Analysis and Writing Workshop, Virtual  
 2020      Mentor at Saving Brains Data Analysis and Writing Workshop, Virtual  
 2019      Honours Student Supervisor, The University of Melbourne  
 2019      Mentor at Saving Brains Data Analysis and Writing Workshop, Dubai  
 2019      Mentor at Saving Brains Data Analysis and Writing Workshop, Sao Paulo  
 2016 - 2017      MPH Student Practicum Supervisor, Emory University  
 2014 – 2018      PhD Student Mentor, Emory University

### Committee Involvement:

2022-Current	Faculty advisor to the UofSC Maternal and Child Health Student Association
2022-Current	Maternal and Child Nutrition Journal Early Career Researcher Editorial Board member
2022-Current	UofSC HPEB MPH committee
2021-2022	UofSC HPEB Faculty search committee
2021	UofSC MCH certificate working group
2020 - 2022	Global Nutrition Council in the American Society of Nutrition, Early Career Representative on governing committee
2020 - Current	Student Engagement Committee, Department of Health Promotion, Education, and Behavior, University of South Carolina
2019	Doherty-Melbourne Children's Global Health Seminar series, Organizing Committee Member, Melbourne, Australia
2019	Australian Iron Network Meeting, Organizing committee, Melbourne, Australia

#### Journal Peer Review:

*Journal of Nutrition* (2022, 2021, 2019, 2018, 2017, 2015), *American Journal of Clinical Nutrition* (2022, 2021, 2020), *Maternal and Child Nutrition* (2022), *Plos One* (2022), *BMC Public Health* (2022, 2021), *Archives of Disease in Childhood* (2021), *Journal of Child and Family Studies* (2020, 2021), *BMJ Global Health* (2021), *Social Science and Medicine – Population Health* (2021), *Annals of the New York Academy of Sciences* (2021, 2020), *Nutritional Neuroscience* (2020), *European Journal of Clinical Nutrition* (2020, 2019, 2017), *Epidemiology and Infection* (2020), *Plos One* (2019), *Nutrients* (2019), *Lancet Global Health* (2018), *British Medical Journal Global Health* (2018), *Current Developments in Nutrition* (2018, 2017), *Tropical Medicine & International Health* (2018), *American Journal of Tropical Medicine and Hygiene* (2017), *Maternal and Child Health Journal* (2017), *The Journal of Pediatrics* (2016), *Epidemiology and Infection* (2016, 2015), *Journal of Child Psychology and Psychiatry* (2015), *Journal of Health, Population and Nutrition* (2015), *International Journal of Health Policy and Management* (2015), *British Medical Journal* (2014)

#### Other Experience:

2022	Invited external expert: Second meeting of the WHO guideline development group –Anaemia: Use and interpretation of haemoglobin concentrations for assessing anaemia status in individuals and populations
2021	Invited speaker at WHO technical meeting on the role of infections, inflammation and genetic ancestry as determinants for adjusting haemoglobin cutoffs to define anaemia, and other considerations on blood sampling and analytical methods
2021	Invited speaker at WHO technical meeting on considerations to determine haemoglobin concentrations to define anaemia in the lifecycle
2021	Invited guest speaker at the ISSA Network Early Childhood Matters webinar In Bulgaria on our Lancet Global Health paper
2019	Double Fortified Salt Global Consultation, Bill and Melinda Gates Foundation, Seattle, USA
2017	WHO Technical Meeting on Anemia, Geneva, Switzerland
2014-2015	Coordinator of the Nutrition Journal Club at Emory University

#### ACADEMIC AWARDS

---

2021	Top Reviewer Award for The American Journal of Clinical Nutrition
2019	The Walter and Eliza Hall Institute of Medical Research Postdoctoral Association Travel Award (\$3000)
2018	McCormick Award (awarded to one graduating PhD student in Emory University's Nutrition and Health Sciences every year), \$400
2018	Emory University Nutrition and Health Sciences Student Mentor Award
2017	Experimental Biology Emerging Leaders Poster Competition – First Place, \$100

2016	Rollins School of Public Health Livingston Fellowship, \$2100
2016	Sight and Life, The Future of Micronutrient Innovation– Elevator Pitch Contest; semi-finalist
2008	Egil H Lorntzsen Scholarship, \$1000
2008	Cecil J Coveney Memorial Scholarship
2007	Shell Prize in Field Geology, \$500
2006	Egil H Lorntzsen Scholarship, \$1000
2005	President's Entrance Book Award, \$500
2005	AP Scholars Book Award, \$500
2005	Major Entrance Scholarship, \$5000
2005	University of British Columbia Scholarship
2005	Charles Victor Ryder Entrance Scholarship in Engineering, \$1950

#### COMMUNITY OUTREACH EXPERIENCE

---

2017	Ronald McDonald House Charity, Volunteer, Atlanta, USA
2011	Palestinian Women's Humanitarian Organization, English Teacher, Beirut, Lebanon
2010	East Vancouver's Women's Shelter, Volunteer, Vancouver, Canada
2010	Out of the Cold Homeless Shelter, Volunteers, Vancouver, Canada
2005 - 2010	Engineers Without Borders, Director of High School Outreach Program and Member, Vancouver, Canada

#### PROGRAMMING SKILLS

---

Proficient in SAS, R, Stata, MPlus  
Intermediate knowledge of Matlab.

#### FOREGIN LANGUAGE SKILLS

---

Fluent in English and French.  
Intermediate in Arabic and Spanish.
